

Helpful Holidays

Helpful Holidays

Design a holiday home fit for a helicopter, to be in with a chance of winning your own luxury getaway!

This year, the Helpful Holidays team are raising money for Devon Air Ambulance - an exceptionally important charity to this rural community.

We are inviting children to design a helicopter holiday house. Whether it be a mansion, with a helipad and hangar for 'Heli' to sleep in, or a beautiful barn beside the sea, complete with a wash station for 'Heli'... Be as creative with your designs as you wish!

The competition will run throughout the year, and one lucky winner will win a holiday voucher worth £500, to spend on a 2026 getaway in a self-catering cottage of their choice.

How to enter? Download or take an entry form, complete your design and hand it to the team, or email it back to us: victoria.rogers@sykescottages.co.uk. Judging will take place on 1st November 2025.

Parents, don't forget!

Entry is free to our competition, but please make a donation to Devon Air Ambulance if you can via the QR code. All money raised will be fund matched by our parent company Sykes Cottages.
